

Cross-border Suitcase Project

Application Progress

Choice of a transnational theme

FR and a NL Student apply within their schools.

Call for contribution in side the academic community for the publications

Pre-selection

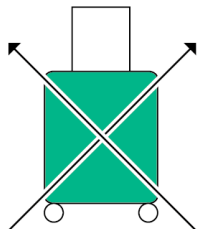

Admission Board choose 1 student from each country

Call for locals to make them a part of the creation process

The student is send to the other country with a grand and a dynamic local networkto do there artistic reseach and produce artworks.

The Artist

Research Question:

How does making career, or the inability to make career alter the mental health ?

Why Lille?

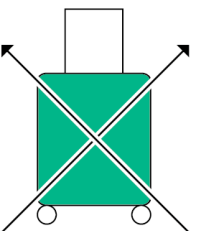

One of the biggest student cities of France, with students from different backgrounds.

And the amount of less wealthy areas

The History of Lille and Textile

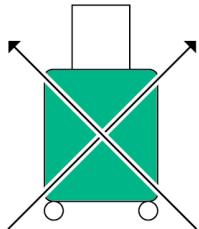

The current material what

I'm exploring is Textile/Fabric.
